of Correction

Sir:

Pursuant to the provisions of 37 C.F.R. §1.322 Assignee of record, Siliconware Precision Industries Co., Ltd., respectfully requests correction of the above-identified U.S. patent by making the corrections as noted on the attached form PTO-1050. This error is typographical, clerical, and of a minor nature as more fully described below. Correction of this error does not involve any change in the patent as would constitute new matter or would require re-examination.

Specifically, the Assignee name is misspelled on the face of the patent but was correct on the Assignment Recordation Cover Sheet and on the PTOL-85 Issue Fee Transmittal in that "Silconware Precision Industries Co., Ltd." should be --Siliconware Precision Industries Co., Ltd.--.

Accordingly, it is believed that the error is attributable to the USPTO and no fees are due at this time.
